

LE ZITELLE *di* RON
VALDOBBIADENE

Sharing the good life of the hills and the family home; making every guest feel special and creating a cozy environment to disconnect from everyday life.

That's the spirit of Le Zitelle di Ron.

In the village of Ron

The Zittle of Ron are La Nana and La Gina, characters of a village of the past, to which is dedicated this Agriturismo B&B Wine&Wellness, located in the characteristic hamlet of Ron.

We are only a few steps from the center of Valdobbiadene, surrounded by vineyards of Valdobbiadene Prosecco DOCG. The ideal place to relax without giving up the services of the town center.

In the heart of Valdobbiadene DOCG

The Prosecco Hills of Conegliano and Valdobbiadene: a territory that owes its extraordinary beauty to the tenacious work of Man, who for centuries relentlessly “embroidered” the slopes, so steep that in many cases they seem vertical. Season after season, generation after generation.

In this contest of “Heroic Viticulture” the Valdobbiadene Prosecco Superiore DOCG is born: a wine “easy” only in appearance and that can be really understood only by visiting the production sites.

B&B, Wine&Wellness

The Agriturismo offers for overnight stay six comfortable double/twin, triple and family suites, one of which is suitable and equipped to accommodate people with disabilities. Every morning guests are served a rich home made breakfast, both sweet and savory, to satisfy every palate.

The Wellness Area, located in a small farmhouse, is developed on three levels and offers guests the swimming pool and whirlpool, sauna, emotional shower and relaxation area.

The internal garden is the ideal place to spend moments of conviviality and at the same time absolute tranquility, accompanied by the sound of the hamlet's water fountain, interrupted only by the chimes of bells

At le Zitelle di Ron everything is taken care of in the smallest detail to ensure that guests can combine the emotion of discovering the territory with the need for relaxation. Each room has been designed with love, respecting the style, the materials and the original colors. Modern and unexpected details give a unique touch.. Choose your preferred room directly from our website:

Explore the UNESCO Heritage hills

Valdobbiadene is located on a hill, halfway between Venice and the Dolomites and is inserted in a unique context, rich in Nature, History, Culture, Art, Sport, Food and Wine of high quality.

The protagonists of the territory are the Hills of Prosecco of Conegliano and Valdobbiadene, which have become a UNESCO Heritage in 2019, “embroidered with vineyards” by the expert and patient hand of the winemakers, “artisans” of these steep slopes.

Vineyards & Wines

Valdobbiadene Prosecco Superiore DOCG Le Zitelle

Between these hills are also the 3 hectares of vineyards of Le Zitelle, distributed between Valdobbiadene and Farra di Soligo. All “heroic” vineyards: steep hills, where all the activities related to the cultivation of vines can only be done by hand. The small production of **Valdobbiadene Prosecco Superiore DOCG Le Zitelle**, carefully prepared in all its phases, is divided into the classic **Extra Dry** and **Brut** types, to which

are added the **Extra Brut Rive di Farra di Soligo** and the **Cartize Dry**. These are accompanied by the still wine, **Tranquillo** Glera Veneto IGT and **Bartenèla**, sparkling wine Col Fondo. A small production by choice, which you can buy at the Agriturismo or in

our online shop: lezitelle.it/shop-lezitelle/
